**Thinking and planning the future in heritage management**

ICOMOS University Forum organized in collaboration with ICOMOS International and ICOMOS Netherlands, Amsterdam, Netherlands, 11-14 June 2019

The workshop aims at promoting to think and plan the future in heritage management. How do we perceive of the future? Which future do heritage professionals work for? What heritage will be needed in the future (and how do we know)? How can we build capacity in future thinking among heritage professionals worldwide?

The participants will include academics and heritage managers, both young and established, from many parts of the world.

Funding for travel and accommodation

There is a limited amount of funding available to subsidize travel costs for a few participants on an individual basis. A few more grants will be advertised for global ICOMOS young professionals and recipients will be contacted separately by email.

We have reserved 4 single rooms and 10 twin rooms and breakfast for three nights (arrival on 11 June, departure on 14 June 2019) at: Hotel Résidence Le Coin (Nieuwe Doelenstraat 5, http://www.lecoin.nl) – which is associated with the University of Amsterdam and located near the University Library where the workshops will be held. All participants from outside the Netherlands who received a personal invitation letter and will participate on all days are eligible for free or subsidized accommodation.

Please let Helena Rydén (unesco-heritage-futures@lnu.se) know by 1 March 2019 if you would like to take up this offer and if you can share a twin room with somebody also attending (which would help).

Please direct any questions about the academic programme and subsidies for travel and accommodation to Helena Rydén (unesco-heritage-futures@lnu.se) and any questions about travelling to the Netherlands and local arrangements in Amsterdam to Nour Munawar (N.A.Munawar@uva.nl). Thanks!

We are looking forward to welcome you to Amsterdam.
